DIVA MODERNO

Discover the world's most elegant expression of "thermotherapy".

Natural Infrared Energy embodied in an artisan, marble sculpture.

Diva is available in the version LITHO (assembled marbles) and MUSIVE (marble-ceramic-glass mosaic)

The graceful design of the "Classico" model is repeated in our "Moderno" model. The simplified, low profile design and elegant curves of the base will fit perfectly in any surrounding. Unlike the model Classico, Moderno is not available in the reclining position. It is therefore suitable in situations where "relaxation" is the primary focus of treatment.
